

ARK IN THE PARK

Ark in the Park was started eight years ago this coming April 2021 out of a challenge by former Associate Pastor Mike Harbert, who challenged small groups to one day of service to some area in the community. Jack & Joan Orchard's small group decided to serve the homeless by collecting travel-size toiletries. What started as a one-day project, now eight years later, has grown to a local distribution every 4th Saturday of the month, passing out prepared bags of toiletries with new socks & underwear for men & women.
